

Economic Growth Region 10

Statistical Data Report for June 2016, Released August 2016

Regional and State Unemployment (seasonally adjusted)

Unemployment rates were significantly higher in June in six states, lower in one state, and stable in 43 states and the District of Columbia, the U.S. Bureau of Labor Statistics reported. Sixteen states and the District had notable unemployment rate decreases from a year earlier, two states had increases, and 32 states had no significant change. The national jobless rate rose by 0.2 percentage point from May to 4.9 percent but was 0.4 point lower than in June 2015.

South Dakota and New Hampshire had the lowest jobless rates in June, 2.7 percent and 2.8 percent, respectively. Alaska had the highest unemployment rate, 6.7 percent. In total, 21 states had unemployment rates significantly lower than the U.S. figure of 4.9 percent, 14 states and the District of Columbia had higher rates, and 15 states had rates that were not appreciably different from that of the nation.

39% percent of managers in 2015 were women

The Economics Daily, The Bureau of Labor Statistics August 1, 2016

Women made up 39.2 percent of the 17 million people employed in management occupations in 2015. The management occupation with the highest share of women was medical and health services managers at 73.7 percent. Other management occupations in which women's share was greater than 65 percent were human resource managers (73.3 percent), social and community service managers (67.4 percent), and education administrators (65.7 percent).

Percent of workers in selected management occupations who were women and men, 2015 annual averages

Source: U.S. Bureau of Labor Statistics.

The shares of women and men were nearly equal among financial managers and property, real estate, and community association managers. Women made up less than 20 percent of construction managers (6.7 percent), architectural and engineering managers (7.4 percent), and industrial production managers (18.3 percent). Additionally, 27.9 percent of chief executives were women.
